

# Katikati bus routes 2019

## Introduction

In 2019 our school bus routes are changing for the better. The Katikati Transport Network has partnered with a new bus company and we will be introducing new route designs with a focus on getting every student home as quickly and easily as possible.

**Please note:** your child's bus route may be different next year. It is very important that you:

1. Ensure that your child is registered on next year's bus list by entering your details at [www.katikati.easybus.nz](http://www.katikati.easybus.nz). If you don't register by 10 January there may not be room for your child on the bus.
2. Register for updates at [www.katikati.easybus.nz](http://www.katikati.easybus.nz) and check the site in late-January to confirm which service your child will be on and what time they need to be waiting at their stop.

The [Network's website](#) is the best source of information about our bus routes. On it you can view the proposed bus routes, start times and the roads travelled upon. The information on the website is fairly basic right now, but will be improved as we get a better sense of the students that will be travelling in 2019.

## Northern routes

| Name                  | Start time | Roads and areas served                                    |
